

Olha Dubova

Frontend Developer · 4 years · React + TypeScript · Kyiv, remote

o.dubova@example.com · github.com/odubova · linkedin.com/in/odubova

Summary

Frontend developer з 4-річним досвідом, спеціалізація — React + TypeScript. Last 2 роки — на B2B SaaS dashboard product (40+ pages, complex tabular data, real-time updates). Strong у component architecture, accessibility, performance optimization. Working knowledge Node.js BFF layer.

Experience

Frontend Developer — Effa Health (B2B SaaS, clinical workflow)

Apr 2024 — Present · Kyiv (remote) · PRODUCTION

- Web app для US clinic operations — React 18 + TypeScript + Vite + Tanstack Query/Router + Zustand + Tailwind CSS.
- Built complex data-grid screen (TanStack Table virtualization, server-side filtering/sorting, ~10k rows scroll smoothly).
- Accessibility audit + remediation: WCAG 2.1 AA compliance for 30+ screens (used axe-core in CI).
- Storybook component library — 80+ documented components, shared with design team via Chromatic.

Frontend Developer — SoftServe (outsource, B2B fintech client)

Sep 2022 — Mar 2024 · Lviv (hybrid) · PRODUCTION

- Banking back-office UI для EU client — React 17 + Redux Toolkit + Material UI. Team of 5 frontends.
- Migrated codebase from JavaScript to TypeScript (incrementally, 60% coverage at handover).
- Built BFF layer на Node.js + Express для aggregating microservices (5 endpoints).

Junior Frontend Developer — Sigma Software

Jun 2021 — Aug 2022 · Kyiv · PRODUCTION

- First commercial role. React 16 + Redux. B2B insurance product (German client).

Frontend Intern — EPAM

Mar 2021 — May 2021 · Kyiv · INTERNSHIP

- 3-month internship — React fundamentals training + small landing page builds.

Skills

Core: JavaScript (advanced, ES2022), TypeScript (advanced, daily 2+ years), HTML5 (semantic, accessibility), CSS3 (Flexbox, Grid, animations).

Frameworks/Libraries: React 16-18 (advanced — hooks, suspense, concurrent features), Next.js (intermediate — App Router, RSC), Redux Toolkit, Zustand, Tanstack Query (React Query), Tanstack Router, React Hook Form, Zod.

Styling: Tailwind CSS (advanced), CSS Modules, styled-components, Material UI, Chakra UI, shadcn/ui.

Build/Tooling: Vite, Webpack (basic), ESLint, Prettier, Husky + lint-staged, GitHub Actions for CI.

Testing: Jest, React Testing Library, Playwright (E2E, basic), Storybook + Chromatic.

Data viz: Recharts, Chart.js, basic D3.js.

Backend awareness: Node.js + Express (BFF only), REST + GraphQL clients (Apollo + urql), WebSockets (socket.io).

Tools: Git, GitHub, Jira, Figma (dev mode), Linear, Slack.

Education

NTUU Kyiv Polytechnic Institute (KPI)

Bachelor's in Software Engineering · 2017–2021 · Completed

Online courses: Frontend Masters (TypeScript, Advanced React), Kent C. Dodds Epic React workshop (2023).

Languages

- Ukrainian — native
- English — B2 (daily standups with US client)

Target Roles

Mid/Senior Frontend Developer (React) · Frontend Engineer · Full-Stack (FE-heavy, Node.js BFF).
Цікавлять product-companies. Не цікавлять roles на чистому Vue/Angular або на jQuery legacy.
