

Volodymyr Tsymbal

Senior DevOps / SRE Engineer · 7 years · Kubernetes · Multi-cloud

Lviv, Ukraine · open to remote · v.tsymbal@example.com · github.com/vtsymbal · linkedin.com/in/vtsymbal · vtsymbal.dev

Summary

Senior DevOps / SRE Engineer з 7 роками комерційного досвіду розбудови та operations high-scale production infrastructure. Спеціалізуюся на Kubernetes-native платформах (multi-tenant, GitOps), multi-cloud architecture (AWS + GCP), та observability як SLO-driven product. Останні 3 роки веду команду з 4 інженерів — incident response, on-call rotation, SRE practices, менторинг.

Experience

Senior SRE Engineer — Astound Commerce

Jul 2022 — Present · Lviv (remote) · PRODUCTION

E-commerce platform на AWS — 50+ microservices, 12k+ pods, 99.95% SLO target. Team lead для 4 SRE engineers.

- Реалізував multi-cluster GitOps workflow з ArgoCD + Kustomize — 12 production clusters, 18 staging clusters.
- Перевів legacy Jenkins на GitHub Actions + reusable workflows; build times впали з 24 хв до 7 хв (3.4x speedup).
- Запровадив SLO / error-budget framework для 8 critical services; alert noise зменшено на 70% за 6 місяців.
- Менторив 3 middle SRE-розробників — 2 за 18 місяців промоутилися до senior.
- стек: AWS (EKS, RDS, S3, Lambda, CloudFront), Terraform, ArgoCD, Helm, Prometheus, Grafana, Datadog, Loki, Tempo, OpenTelemetry.

DevOps Engineer — Wix.com

Mar 2020 — Jun 2022 · Kyiv · PRODUCTION

Cloud platform team — internal developer platform для 500+ engineers.

- Спроектував та реалізував internal Kubernetes-as-a-Service на top of EKS — self-service namespace provisioning, RBAC, network policies.
- Перевів monitoring stack з Nagios на Prometheus + Thanos для multi-region aggregation (3 regions, 8k+ metrics).
- On-call rotation 1-week-on / 3-weeks-off; mean-time-to-resolution знизилось з 87 хв до 23 хв за 12 місяців.
- стек: AWS, GCP (multi-cloud), Kubernetes, Terraform, Helm, Prometheus, Thanos, PagerDuty, Slack alerting.

Junior DevOps Engineer — SoftServe

Sep 2018 — Feb 2020 · Lviv · PRODUCTION

Outsource-проекти для UK financial-services client. Mid-size cluster (35 nodes).

- Підтримка CI/CD на Jenkins + Bitbucket; написав 8 reusable shared libraries.
- Перевів частину workloads з VMs на Docker; написав Perl wrappers для legacy automation глибокої історії.
- стек: Jenkins, Docker, Ansible, AWS EC2, VMware vSphere.

DevOps Intern — N-iX

Jun 2018 — Aug 2018 · Lviv · INTERNSHIP

Літній paid internship. Linux administration practice + intro до AWS. Final project — простий CI/CD pipeline для intern course.

Open Source / Writing

Maintainer external-secrets-operator add-on для Kubernetes — 8 merged PRs, 1.2k GitHub stars on personal fork.

Tech blog vtsymbol.dev — 28 posts про Kubernetes operators, GitOps patterns, on-call best practices. ~12k monthly readers.

Спікер KubeCon EU 2023 (lightning talk "Multi-cluster ArgoCD без болю").

Skills

Container Orchestration: Kubernetes (operator-level, 5+ years), Helm 3, Kustomize, OpenShift basics.

Cloud Platforms: AWS (EKS, RDS, S3, Lambda, CloudFront, IAM, Route53, certified Solutions Architect Professional), GCP (GKE, Cloud SQL, Pub/Sub), Azure (basics).

IaC: Terraform (advanced — modules, workspaces, state management), Pulumi (familiar), Ansible.

CI/CD: GitHub Actions (advanced), GitLab CI, Jenkins, ArgoCD, Flux.

Observability: Prometheus + Thanos, Grafana, Datadog, Loki, Tempo, OpenTelemetry, PagerDuty.

Service Mesh: Istio (production deployment), Linkerd (PoC).

Scripting & Languages: Bash, Python, Go (small operators in production).

Security: SOC2 compliance work, IAM design, Vault, Pod Security Policies.

Education

Lviv Polytechnic National University

Master's in Computer Science · 2016–2018 · Completed.

Bachelor's in Software Engineering · 2012–2016 · Completed.

Certifications

- AWS Certified Solutions Architect — Professional (renewed 2024)
- Certified Kubernetes Administrator (CKA) — 2021
- Certified Kubernetes Security Specialist (CKS) — 2023

Languages

Ukrainian — native

English — C1 (Advanced); presented at KubeCon EU 2023, daily distributed team communication.

German — A2 (basic).

Target Roles

Senior SRE / Senior DevOps Engineer · Platform Engineer · Engineering Manager (smaller team, hands-on).

NOT interested in: pure operations on-call rotation 24/7, manual deployment work, pure Windows-based infrastructure.
